Taxation and the Budget

The government at Ottawa has at last decided that the time has come to call a halt to further large borrowings and consequent increases in the national debt; that the current revenue of the country must be augmented sufficiently to cover all ordinary and capital expenditures, including interest on the public debt, pensions, railway deficits, etc.; that, in fact, a beginning must be made in reducing the national debt. As has been pointed out in this column on other occasions, the desired result can be brought about in two ways, or rather by a combination of both—revenue to be increased to cover expenditures; expenditures to be decreased until they are balanced by revenue; or, and this is probably the only safe way, revenues to be increased and expenditures decreased until they balance.

The government has decided to curtail expenditures for the time being by postponing the carrying out of certain public works. These, however, are only deferred. But the government does not appear to have gone very far in the direction of enforcing a more rigid economy in the cost of administration. There are still too many over-lapping departments and branches of the public service; still too many civil servants drawing salaries for the amount of work to be done; still an almost criminal waste of money in many ways. There is an absence of courage at Ottawa in tackling this great problem of governmental expenditure.

On the other hand, the recent budget does contain evidence of some degree of courage on the part of the new finance minister in the raising of a larger revenue by taxation. No finance minister and no government likes to impose new and heavier taxation, but it must be done if Canada is to honorably meet the obligations which the war has thrust upon it. The people of Canada realize this, and they are ready to pay, just as they were ready to fight and sacrifice that the war might be won. All they ask is that the taxation be levied in a fair and equitable manner, based on the principle that those best able to pay shall be made to do so, and that those enjoying less in the way of material wealth shall be hit off as lightly as possible.

While there is criticism of some details of the new taxes, and a very

general belief that some articles, which, under the prevailing conditions and prices, are actual necessities, have been classified as luxuries, there is a very general approval of the principle of imposing a tax on luxuries, of increased stamp duties, of an increase in the tax on incomes in excess of \$5,000. These are steps in the right direction.

From the standpoint of the agricultural producer and the great mass of the consuming public, however, there is real ground for criticism that some action has not been taken to encourage the work of primary production throughout the Dominion by reducing the tariff burden imposed on instruments of production. Increased production would so greatly add to the wealth of the country that the increased purchasing power of the people would more than offset any decrease in customs revenue resulting from lower duties on the implements imported to promote that large production.

The presentation of the budget again brings to the fore the necessity of some amendment to the rules of procedure in the house of commons whereby it will be possible to offer more than one amendment to the budget resolutions. At present only one amendment is allowed, with the result that any member, or group of members, who do not favor the main motion, that is the budget itself, and who do not consider that any amendment offered goes far enough, or too far, in proposing changes, are precluded from offering an amendment to the amendment setting forth their views on the question. One amendment and one only is allowed, with the result that no opportunity is afforded of presenting a third alternative policy.

This rule last year operated to prevent the Farmers' group from submitting their views to Parliament and the country, and compelling the members at Ottawa to record their votes thereon and make their position clear before the electorate. Unless a change in the rules is effected, the same thing will occur this year. In almost all deliberative bodies an amendment to an amendment is accepted. It should be in the house of commons on the budget. Everybody will recognize the necessity for some limitation if the transaction of public business is not to be unduly delayed, but an amendment to an amendment is a safe limitation. Limitation to a single amendment only is too strict, and operates to the disadvantage of the country and prevents reasonable and legitimate discussion and presentation of views on the most important of all public questions, namely, the imposition of taxation on the people. It is thus the rules were amended in respect to amendments to the budget.

Ask for Minard's and take No Other.

Too Few Producers

In the United States now are too many people buying and selling the things—many of them relaying and reselling the same things—and too few workers producing things. Principally to that fact the country is indebted for the present extravagant cost of living. Is it not time to begin the progress of selection of immigration that will give the country good producers of things rather than mere sellers of things?—Chicago News.

Australian Aborigines eat lettuce.

Found Relief When Doctors Had Failed

MANITOBA WOMAN PRAISES DODD'S KIDNEY PILLS

Mrs. Murnyle Says to All Who Suffer From Bladder Trouble: "Try a Box of Dodd's Kidney Pills." Brokenhead, Man., May 31st. (Special).—Strong in her praises of Dodd's Kidney Pills is Mrs. Mary Murnyle, a well known and esteemed resident of this place. And Mrs. Murnyle gives her reasons.

"Two years ago I suffered from bladder trouble," she says, "I tried all kinds of medicines and two doctors in Winnipeg. All the doctors and medicines failed to help me.

"I turned to Dodd's Kidney Pills and used eight boxes of them and found them satisfactory. I give every praise to Dodd's Kidney Pills, and to any person suffering from bladder trouble I say, 'Try a box of Dodd's Kidney Pills.'

Dodd's Kidney Pills act directly on the kidneys. By putting them in condition to do their full work they relieve bladder troubles and send pure blood and good health coursing to all parts of the body.

Ask your neighbor if Dodd's Kidney Pills do not relieve kidney ills and those diseases that spring from sick kidneys.

Uncle Jack.—Laughter, little pal, is the sound a man hears when his hat blows off and rolls in the mud.

WHEN BABY IS SICK

When the baby is sick—when he is cross and peevish, cries a great deal and is a constant worry to the mother—he needs Baby's Own Tablets. The Tablets are an ideal medicine for little ones. They are a gentle but thorough laxative which regulates the bowels, sweetens the stomach, banishes constipation and infection, breaks up colds and simple fevers and makes teething easy. Concerning them, Mrs. Philip Payne, St. Elvies, Quebec, writes: "Baby's Own Tablets have been a wonderful help to me in the case of my baby and I can strongly recommend them to other mothers. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont."

A bluff on the Virgin River, Nevada, more than 25 miles long, is composed of 60 percent salt of great purity.

MOTHER!

"California Syrup of Figs"
Child's Best Laxative

Accept "California Syrup of Figs" only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative on earth for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Vegetables for Medicine

Watercress is an excellent blood purifier. Lettuce has a soothing effect on the nerves and is excellent for sufferers from insomnia.

Tomatoes are good for a torpid liver, but should be avoided by gouty people.

Celery and onions are nerve tonic. Spinach has great aperient qualities and is better than medicine for constipation.

Beets are fattening and good for people who want to put on flesh, so are potatoes.

Parsnips possess the same virtues as sarsaparilla.

A shark six feet long was recently caught by a girl fishing with an ordinary hook and line in Bude Bay, Cornwall.

Large Increase in Wool Looked For

Association Encouraging Growers To Get Together and Ship In Car Lots

Approximately 375 contracts have been entered into this season by growers in the province of Saskatchewan, and the Canadian Co-operative Wool Growers, Ltd., under which the growers' clips will be marketed through the co-operative. These contracts represent over 21,000 sheep and over 22,000 pounds of wool already definitely in sight. Approximately 150 contracts have been received from Manitoba. This showing is as good, and possibly better than the average at this time of the season in past years, according to the district manager of the Co-operative Wool Growers' for Manitoba and Saskatchewan. "I anticipate an increase of 100,000 pounds of wool handled this year over last," he states.

The association is encouraging the wool growers of the western provinces to get together this year and ship in car lots (i.e., 20,000 pounds) from local points. Wherever they will do so, a special representative of the co-operative will be sent to take delivery of the wool as it is loaded and ship it direct to the warehouses. The object of this procedure is to materially lessen freight charges and handling expenses.

Sale of Wheat

Canadian Farmers Will Receive Over Three Million Dollars

It is understood that a settlement has been reached in the disagreement between the Greek Government and the Canadian government over the wheat price. As a result, it is said, Canadian farmers will benefit to the extent of three and a quarter million dollars, or the difference of fifty cents a bushel between \$2.50 and \$3.

The increase in the amount which the Greek government has agreed to pay for something like 6,600,000 bushels of wheat was secured chiefly through the effort of the Canadian Wheat Board and the Canadian Trade Commission, which has its headquarters at Ottawa. Sir Charles Gordon, of Montreal and Rhys D. Fairbairn of Toronto are the commissioners.

The dispute is said to have arisen through a misunderstanding as to the exact interpretation of an agreement between the Greek plenipotentiaries and the Canadian trade mission which was headed by Lloyd Harris.

WEDNESDAY, JUNE 9, 1920.

A political association of Canadian veterans is being organized from coast to coast. It may not be a good thing; the Herald does not believe it is, but it just simply had to be. And the sooner we have the showdown the better for the veterans and the better for the country.—Calgary Herald.

And why should the veterans, who fought for the country, not have their own political party? Are they to be damned any more than the Conservative party, the Liberal party, the Labor party, the Manufacturer party and all the other parties that are trying to get their pickings out of the public?

One party in Germany declares that if the coming election there does not give the people their rights they will solve them by their might. There is surely nothing very Christian about such a Socialism.—Calgary Herald.

The only difference between the parties in Germany and those in Canada is that those in Canada do not make any such public assertions, nor resort to violence. Neither do they insist on "the people" getting their rights. They only insist on a few people getting everything in sight.

Semi-Monthly Crop and Live Stock Report

The crop situation over the past fortnightly period is marked by two outstanding features—favorable moisture conditions throughout the province and rapid progress toward showers have kept the under supply of moisture moving up to the roots of the crop, but not heavy enough to stop seeding. Horse and machine power are proving about adequate to needs. Good labor is rather scarce. The reduction in total crop area is almost negligible subject to possible production in ripe grain and larger supply of cream feed on account of lateness of season. Wheat acreage is reduced ten percent for the province, oat and barley acreage increased in southern Alberta, but not much increase in center and north. Barley about seeding completed a week ago except for small belated areas. Oats and barley sixty percent completed in southern Alberta but only thirty per cent in Peace River country. Progress of crop not yet rapid on account of cool weather but wheat is now in all through and well rooted crop is excellent. The general lateness of the season and high winds over a small area are the only limiting conditions to good results. Some soil blowing has occurred at certain points in the south, but prospects have improved since last report, and on the whole, excellent.

Grass on the prairie is the best in years. Stock losses are over. Loose horse stock already considerably improved and cattle stock beginning to fill. Sheep are doing well but the lamb crop is not heavy. Pig stock is in the worst situation of any. Over sixty percent of sows that should litter this spring were sent to the packing plants last fall. The pork output this year promises to be light.

Department of Neglected Children
The annual report of the work of this department for 1919 has now been issued. Since the 1918 report was issued the Mothers' Allowance Act has come into force and a short of the work done during the six months of 1919 that the Act was administered is contained in the first part of this report.

It will be noticed that there has been an increase over 1918 in the number of dependents handled by this department. For 1918 the number was 1651 in 1919 the number was 1217. There has also been a slight increase in the number of juvenile delinquents. In 1918 the number was 513 and in 1919 the number was 536.

Ambassador Geddes Is Received By U.S. President

Washington.—Sir Auckland Geddes, the new British ambassador, formally presented his credentials to President Wilson at the White House and exchanged with the executive assurance of good will and amity.

None of the diplomatic questions pending between Great Britain and the United States was touched on specifically in the addresses exchanged between the President and Sir Auckland. In addressing the president, Sir Auckland said: "His Majesty my king, has instructed me to deliver to you this letter, and to say that it is his desire that I renew to you, sir, his assurance of the lively interest that promotes the welfare and prosperity of the United States of America."

"Immediately before I left his court of St. James, I had the honor of being received in audience by him, when he charged me particularly to express to you, sir, the vivid sense of pleasurable recollection with which he remembers your excellency's visit and that of Mrs. Wilson to him at Buckingham palace."

"He has heard with deep emotion and regret of the loss of health from which you, sir, have unhappily suffered. He prays that it may be wholly temporary and of short duration, and that Almighty God may restore you to your accustomed vigor."

"He has asked me also to thank you with the utmost warmth and cordiality for the gratifying reception and boundless hospitality which have been extended to his eldest son, His Royal Highness the Prince of Wales, on each separate occasion on which he has visited the shores and lands of this great nation."

"May I, your excellency, in behalf of those who were with my colleagues, the members of the government of the United Kingdom, and on my own behalf, associate not only them but also myself with each and all of the royal messages of affection, goodwill and gratitude which it has been my great good fortune and high honor to be permitted to deliver to you. I am devoutly thankful that I am able to say that I believe it to be the unanimous wish and hope of the British peoples wherever they may be, that the relations of friendship and co-operation between the peoples of the United States of America and themselves may be strengthened and developed, and that no cloud of misunderstanding may ever arise between them."

"It will be my unceasing effort ever to serve the people whom I have the honor to represent in the furtherance of their wish and hope."

Menonites May Leave Swift Current

Receiving Offers For the Land They Contemplate Vacating

Swift Current, Sask.—Jacob Friesen, head of the Menonite colony south of Swift Current, left a few days ago for Mississippi to make the final arrangements in connection with removal of the Menonites from this district to settle upon lands in the southern states. Upon the result of Mr. Friesen's negotiations rests the final decision concerning the migration of the Menonites from Swift Current district, where they own 150,000 acres of the very best farming lands. Before leaving, Mr. Friesen stated that no papers had yet been signed guaranteeing special privileges to his people by the United States authorities. If these special privileges were not forthcoming the arrangements for moving to Mississippi would be at an end and the colony would then reconsider a proposal to move to Brazil. In the meantime, the Menonites are receiving offers from several quarters for the land they contemplate vacating. Following an offer from an American syndicate recently, efforts are now being made by representatives of French settlers in Maine and Quebec to obtain options on every possible colony farm. The price offered is \$40 an acre to include implements and improvements and the season's crop. Crop prospects are so favorable at present that many of the Menonites will refuse to join in any exodus that may take place. The provincial government has arranged for the erection of several more schools in the settlement and will rigidly enforce the school attendance act.

Murderers Escape

Three Men Serving Life Sentence at Boston State Walls Of Prison

Boston.—Herman Barrow, who was sentenced to prison for life for the murder of Daniel Charles Deane, in this city in February, 1919, Harry Manlicher, serving a life sentence for the murder of Patrolman Joseph Riser, in this city a year ago, and Charles Ward, a negro, serving a year's sentence, escaped from the state prison in the Charleston district by scaling the walls. They were clad in prison garb.

Compelled Farmer To Give Up Land

Sinn Fein Forbids Purchase Over the Heads of Local Young Men

Dublin.—Control of Irish land by the Sinn Fein is very effective, as is illustrated by an occurrence at Carrick-on-Shannon, which was reported here. A farmer named Morrison was summoned before the Sinn Fein land committee to show why he had attempted to buy land over the heads of young men of the district who did not own property. He had just purchased a grazing farm for \$1,500, and told the committee he had bought it for his two brothers in the United States. The committee warned him to surrender it immediately, which he agreed to do with reluctance.

Unknown persons have seized and sunk Lord Kingston's yacht, the *Metah*, at Carrick-on-Shannon, apparently because Lord Kingston entered a claim for \$2,000 for the destruction of a police barracks on his property. The claim was subsequently withdrawn, but no public announcement of this step has been made.

To Include Women

Ottawa.—An act to incorporate the Army and Navy Veterans in Canada was amended by a committee of the commons to provide for the inclusion of women's organizations.

Kolchak Was Shot By Revolutionist

Denied Trial, He Smoked Cigarette While Facing the Firing Squad

Victoria.—Details of the killing of Admiral Kolchak, head of the allied government troops in Siberia, were told here by Captain Webb, press secretary with the British forces in Siberia, who has arrived here on the steamer *Manila Maru*, from Vladivostok. Through treachery, he said, Kolchak was captured by revolutionists and incarcerated with former Premier Ruppeloff at Irkutsk. When placed in front of a firing squad, Ruppeloff was shot down when he attempted to escape.

Kolchak, denied a trial and the privilege of seeing his wife, coolly smoked a cigarette and awaited the volley. The order to fire was disobeyed by the firing squad, whereupon a commissary strode forward, pushed Kolchak's head back and shot him to death with a revolver.

Oppose Extension Of Divorce Laws

Anglican Bishop in Toronto States Case Against Proposed Legislation

Toronto.—Strong opposition to the relaxation of laws governing divorce was voiced by Bishop Sweeney in his charge at the opening of the 68th annual meeting of the Anglican synod of the diocese of Toronto. His lordship referred to proposed divorce legislation and declared that the church of England was opposed to divorce save for the cause allowed by her divine head.

The bishop quoted from legislation adopted by the church in 1905: "No clergyman within the jurisdiction of the Church of England in Canada shall solemnize a marriage between persons either of whom shall have been divorced from one who is living at the time." He concluded by saying: "We must oppose, by every legitimate means, any legislation which seeks to enlarge the causes for which divorce is to be granted."

Low Water on Yukon

Seattle, Wash.—Extremely low water is likely to prevent the opening of navigation on the Yukon river until about June 12, according to advices from the north. It is more than 25 years since the water was so low at this season.

Big Elevator Deal

Winnipeg.—One of the largest deals in grain storage space ever summarized here is announced. The Leitch-McLean Elevator company has purchased 17 elevators from the Imperial Elevator company and one from Hall and Garry.

Destruction and Serious Disorders Continue in Ireland

Government May Not Take Over Board

Edmonton, Dunvegan and B. C. Line Will Probably Be Reorganized

Edmonton.—National ownership of the Edmonton-Dunvegan and British Columbia railway is a decidedly remote possibility, according to premier Stewart, who has returned to the city from a two weeks' official trip to Ottawa. Instead of the federal government purchasing the system, as was semi-officially announced by Sir George Foster some months ago, a movement is well under way in the east, it appears, to reorganize the E. D. and B. C. company, and thus bring in sufficient capital to put the road in good shape for traffic and take adequate care of the business in hand.

Increased Savings Deposits

High Level Reached During Month Of April

Ottawa.—The bank statement for April, just issued by the finance department, showed a continued increase in saving bank deposits. They now stand at the new high level, \$1,200,000,000 as compared with \$1,070,000,000 a year ago and \$933,000,000 at the end of April two years ago.

Call loans in Canada were rather lower than shown in the statement for March. Current loans in Canada are about twenty-five millions higher.

Increase Rolling Stock

Winnipeg.—This year the Canadian National Railway rolling stock will be increased by the building of 3,750 freight cars, 80 locomotives and 70 passenger coaches. The additions to the rolling stock contracted for in 1919 are now almost completed, it was learned. In 1919 new freight cars to the number of 1,549 were built, 50 locomotives and 240 passenger cars.

Circus Crashes Through Bridge

Lethbridge.—One man was killed and another injured, though not seriously, in a week of Christie Brothers' circus train which broke through an irrigation canal bridge on the Canadian sub-division of the Canadian Pacific Railway. The engine had passed over the bridge, but the heavily loaded baggage-car crashed through. The dead man and his injured comrade were both circus employees.

London.—More troops are being despatched to Ireland to combat the property destruction and similar movements which are continuing there. Unexpected disorders happening recently called for the despatch of further troops.

The newspapers all give this special prominence, it being added that not only is the garrison in Ireland being increased, but that steps are being taken to replace the younger soldiers by better disciplined soldiers, in order to provide prevention for further disorders.

Dublin.—The destruction of property in Ireland by Irish continues. Kilkenny Castle, near Brandon, County Cork, one of Ireland's ancient landmarks, was destroyed. It is estimated that the damage was \$100,000. The castle was unoccupied. The reports do not state the cause of the fire.

Damage estimated at \$40,000 was caused by fire on the farm of Major Pollock, at Gaveen, Ballinastown. The members of the family occupied with difficulty. Several valuable horses were burned. The police and military extinguished the fire. Reports of the fire received here allege that villagers who watched the fire would not render assistance in putting it out.

Other reports of fire received today include news of an attempt to burn the court house at Waterville, County Kerry. The police saved the records. The court house at Limerick, County Cork, was burned. One hundred men attacked the police barracks at Louisa George, Ballinacilly, but were beaten off.

The coroner's jury has been receiving attention from the campaigners. The members of a jury who sat in an inquest in two police stations were attacked for the decision handed out.

Stores of Sugar to Be Sent Abroad

Halifax.—An interesting commentary upon the announcement that sugar is to be for another advance is to be found in the fact that great quantities of sugar are being piled up here, presumably for exportation abroad. It is stated that several hundreds of thousands of bags of sugar are at present awaiting shipment at one pier and that the quantity is daily increasing. At another pier upwards of a quarter million bags of flour are waiting shipment abroad.

To Duplicate Cable

Vancouver.—The Pacific cable board is considering the duplication of its cable from Canada to the Antipodes, John Millwood, manager of the board, has announced.

Welcome to Prince

Railway and Tramway Strikes Which Had Been Threatened Did Not Develop

Melbourne.—In Melbourne the Prince of Wales has been well acquainted. A fleet met the Renown, while airplanes circled over the harbor. Three thousand pigeons were released in the midst of the cheering crowds as the prince disembarked and drove through the thronged streets.

The railway and tramway strikes which had been threatened by the unions did not develop.

Investigate Aviator's Death

Vancouver.—An enquiry has been obtained by the Dominion air board into the airplane crash of last Monday in which E. H. Healey was killed, according to a message received by Major Chas. McLaren, D.S.O. Col. Richard Bell Irving and Major Scott Williams have been appointed to assist Major McLaren in the investigation.

Germany Hands Over Rolling Stock Berlin.—The minister of transportation has announced that the delivery of 5000 locomotives to the Germans in accordance with the peace treaty, has been completed.

"Your lunch will be fresh and tasty at dinner hour to-morrow. It is wrapped in Para-Sani."

BIG PRAIRIE BULLETINS

Minley Smith, an old resident of Big Prairie is now back again, having rented Mr. Olson's farm. He has been in B. C. for the last two years but says he believes Alberta is the best.

Arthur Shantz saw a moundsman the other day, but being rather excited his gun went off before he was ready. Never mind, Arthur now he has found his mate he will be liable to return again.

The people on the prairie noticed a very large dust storm going up the road towards the north on Saturday evening, but it was afterwards discovered that it was Billy's two teams. One was on the drill and the other on the wagon. It appears that while he was off the wagon to fix some thing on the drill behind, the team on the wagon became scared and galloped toward home, pulling the other team and the drill behind them. Billy couldn't have driven them straighter if he had been on the wagon driving. They went over two culverts and past endless trees and never hit one, the only damage done was that they broke the end gate in the wagon box and both neck yokes as they stepped on suddenly when they landed home. Billy says he wouldn't have minded riding home at that rate, but the worst of it was he had to walk all the way.

Mrs. Beare, who was staying with Mrs. T. Harg, lost her little boy the other day and it took her and her brother and Jim May several hours before they could find him. When they did find him he was quite content playing in some old buildings about a half mile away.

We see Leo Ragan is running the mail route with a car now. That's right, Leo, keep up with the times. Geoff Monk has been doing some carpenter work for Jim May the last week. Say, Geoff, you will have to hang out your sign.

Most of the farmers on Big Prairie have finished seeding except for their green feed.

DIED

On Thursday, May 27th, at Onak, Wash., Mr. E. B. Alverson, an old timer of the Sunnyslope district.

Mr. Alverson, who had been a greatly respected resident of this district for about 18 years, sold his farm just owing to weakness of health and moved to Washington, where he hoped to prolong his life by living under conditions less strenuous than here, but the disease for which he underwent an operation less than two years ago at Rochester, and which appeared to be successful at the time, again made its appearance and this time proved fatal.

The sympathy of all will go out to the widow and children in this sad time of bereavement.

The funeral took place on Saturday.

"The Municipal District of Mountain View, No. 310, Assessment Roll 1920.

Notice is hereby given that the assessment roll of the Municipal District of Mountain View No. 310 for the assessment made in the year 1920 has been prepared and is now open to inspection at the office of the Secretary-Treasurer of the Municipality from ten o'clock in the forenoon until four o'clock in the afternoon on every day not a public holiday except Saturday and on that day from ten o'clock in the forenoon until two o'clock in the afternoon and that any ratepayer who desires to object to the assessment of himself or of any other person must within twenty days after the date of this notice lodge his complaint in writing with the Secretary of the Municipality. Dated this 22nd day of May, 1920. A. BRUSSE, Assessor.

"Yes, I'll make it. The truck runs smoothly and dependably because I use nothing but Imperial Polarine for lubrication and Imperial Premier Gasoline for fuel. That's the unbreakable combination which keeps the mail on time."

Accurate Thorough Lubrication

IMPERIAL Polarine gives thorough lubrication under every operating condition. Cars and trucks give longer, cheaper service when lubricated with Imperial Polarine.

Imperial Polarine will not break up or run thin under continued operation. It reduces friction to a minimum by maintaining a coating of oil on every wearing surface. It seals all the power behind the piston by establishing a perfect piston-to-cylinder seal.

Learn which of the three grades described below is best suited for your car from the Imperial Polarine Chart of Recommendations, which is on display wherever Imperial Polarine is sold.

Sold in one-gallon and four-gallon sealed cans, half-barrels and barrels, also in 12½-gallon steel kegs, by dealers everywhere.

A FAIR, SQUARE MOTTO TO ALWAYS REMEMBER

Patronize a home industry that is building up and developing what is absolutely sure to increase the value of your farm properties.

This you can accomplish by always bringing us your milk, sweet or sour cream, or eggs; in fact, any produce you have to sell. We can get you the best market. Our market for good sweet cream, which will bring you the highest price is unlimited.

We have the facilities to freeze it after you deliver it.

When continually patronizing us you have the advantage of selling either the whole milk, fresh sweet cream or sour cream, whichever will bring you the most dollars.

We ask your support and co-operation. Dairymen, our business is open for your inspection, from start to finish.

Come in and have a visit and see what we are planning to do for you.

What Uncle Si Said

Uncle Si says: Jim Smith has gotta buy a new bluder. He ain't had 'oller mornen about three years, let it set just where he quit cuttin' every time in now she won't work. Jus' got her paid for her fall, when she drewed off his grab, 'n now he's gotta start all over again. Agent was kinda sassy with him, too, said as how he earned her price of futher a runnin' after the money.

I need to him, says I, why don't we get a little jays' lumber now, he's makin' such truck under cover. Ah, what do ye sence he said?

Bah! had time!

Implement checks are cheap and necessary.

Farm machinery is necessary, but it is not cheap.

One thousand dollars worth of farm implements, with the best care, will depreciate about 10 per cent per year, which is fine per year. The loss on some farms is twice this amount, because valuable implements are left out in the weather when they should be under cover.

Each farmer needs a building designed especially for the storage and repair of farm machinery and farm machinery, where each machine may be carried some time during the winter and treated to a bath of kerosene oil mixed with gasoline and or white lead. Have oil in better than kerosene, if given time to dry and soak in. A coat of pure raw linseed oil for the benefit of the wood, followed by a coat of paint for looks, is good treatment.

Before using the right first plan, and build a cracker-jack of a machinery house with close fitting doors.

It is a good way to find the implement dealer. He expects you to buy new, instead of taking care of the old.

hospital expenses of Norman Bruen. Everybody come. Ladies bring lunch.

It Must Be Done

Newsday knows no law and that is the reason why the publisher of the Pioneer has to consider raising the subscription price of the paper. Steadily rising costs during the last year or two, and a prospect of another big increase in paper costs by the manufacturer on the first of July is making this action on our part imperative if we are to continue publication. At no stage of the game has the Pioneer been a paying proposition, and it has only been through our efforts in trying to make our job paying detriment carry the paper that we have been able to succeed in carrying on at all during the last two or three years. But it has now come to the place where this is no longer possible, and we will have to ask our subscribers and advertisers to help us bear this burden by an increase in our subscription price, and also by raising our advertising rates. After July 1st next, the rate for the Pioneer will be 12 per year for subscriptions in Canada and \$250 a points in the U. S. or outside of Canada. We have hesitated in making this increase and we hope that in the near future our valued subscribers will realize that while we have raised these rates, that the improved appearance of this family journal will more than compensate for the extra charge we have had to make.

All subscriptions paid before July 1st will be accepted at the old rate, after that the price must go up.

THE EDITOR

AROUND THE TOWN

Miss Marie Stader and Cecil Stader came to Didsbury on Thursday last to spend a few days with their father, A. G. Stader.

Don't forget all business places observe the Wednesday half holiday on Wednesday next, June 16th.

Two horses owned by Ed. Haines and A. W. Axell, were killed by a stroke of lightning on Saturday afternoon. The horses were in a pasture north west of town.

A dance in honor of Miss Marie Stader was held in the opera house on Wednesday evening last. A very pleasant time was enjoyed by the young people present.

Lawn tennis has become the vogue in Didsbury this season. There are now seven private courts in town, but the Tennis Club courts on Railway Ave. are being used to full capacity afternoon and evening.

A tennis tournament was held on Friday evening in honor of Miss Marie Stader and Cecil Stader. After the tournament, Mrs. J. E. Huest entertained the young people to luncheon, after which they adjourned to Mr. Stader's residence for a dance. Needless to say the young people had a good time.

"Whoa the 'farmer' who went south to put in some grain and is reported to have run his Titan engine for three days before finding that he had lost his rear disc? Some farmer, eh?

J. H. Lewis, manager of the Royal Bank, left on Monday for a two weeks holiday visiting at points in Saskatchewan. H. W. Hinchings of Calgary is relieving Mr. Lewis.

Grain is showing an splendidly but garden stuff is not coming along very fast. A little rain in this district would not do any harm just now.

Didsbury Leads in Baseball League

Local fans are having all the thrills of a big league aggregation because the Didsbury baseball club is showing a speedy class of baseball play only to their competitors, Carstairs, Crossfield and Aldrie, but also to their supporters in Didsbury. So far Didsbury has won every game played, the high school team as well as the league team winning by scores that gave them a big margin. The financial end of the game, though, is causing some trouble to the management. There is no place in town where the game can be

played so that an admission can be charged, consequently they have to depend on collections from the public at the games to defray expenses. So far there has not been a generous response with the necessary cash, in fact several coppers have been found in the collection box when the receipts were counted. It cannot be expected that a ball team can be supported on chicken feed, so it is hoped the public will dig up in a more generous manner in the future.

Calgary Exhibition will have Many Attractions

The prize list for the Calgary exhibition may be obtained by writing to E. L. Richardson, manager, Calgary. The fair dates this year are June 26th to July 3rd, and entries close on June 14th. Over \$7,000 has been added to the prize list for the live stock department for this year, making the total offered in all departments now \$24,000.

The new hundred thousand dollar stable and judging pavilion will be used for the first time this year and will add greatly to the comfort and convenience of the exhibitors.

Calgary is fortunate this year in being able to secure Locklear, possibly the most daring acrobatic performer in the world. He does acrobatic stunts all over an aeroplane and finishes his by changing from one machine to another in full flight in mid air. This is positively the greatest attraction that can be obtained for any exhibition.

Auto polo will also provide many thrills for fair visitors, while the musical program will be supplied by "Canada's crack military band, the 48th Highlanders of Toronto." Special passenger rates will be in force for the Calgary exhibition from all points in Alberta, Saskatchewan and British Columbia east of Golden on the main line, and Nelson on the Crow's Nest.

NOTICE
All our advertisers and readers are asked to take notice that changes or advertisements and new advertising, or articles for publication, must be in our office not later than Monday night of each week to insure publication in the current issue.
